Summary

Front-end web developer with a business communications background who is passionate about creating more user focused content on the web. A recent University of Minnesota Full Stack Development certificate holder looking to continue to expand knowledge further in Node.js, JavaScript, CSS and more. Known for a can-do attitude and tenacious personality: Always looks at each project individually and brings a new perspective while also pinpointing issues, and troubleshooting along the way. Eager to contribute to building user-friendly apps. Looking forward to contributing to a solution-focused environment.

Technical Skills

Languages: HTML, CSS, JavaScript, jQuery,
Applications: VisualStudio Code, Node.js

Projects

Weather Dashboard | https://kelly-bazella.github.io/Weather-Dashboard/
